

tutorial_code

```
graph TD; A[tutorial_code] -- 2 --> B[src];
```

A diagram showing a flow from a light blue box labeled 'tutorial_code' to a white box labeled 'src'. A black arrow points downwards from the bottom center of the 'tutorial_code' box to the top center of the 'src' box. The number '2' is positioned to the right of the arrow, indicating a value or weight associated with the flow.
