

SICAD::initSICAD

```
graph LR; A[SICAD::initSICAD] --> B[SICAD::initOGL]; B --> C[SICAD::factorize_int];
```

The diagram illustrates a three-step process flow. It begins with a gray-shaded rectangular box containing the text 'SICAD::initSICAD'. A dark blue arrow points from this box to a white rectangular box containing 'SICAD::initOGL'. Another dark blue arrow points from the second box to a third white rectangular box containing 'SICAD::factorize_int'. All boxes have a black border and are arranged horizontally.
